ISSUE 3

MARCH 2026

Thank you for reading the third **Amani Homeownership Initiative Newsletter**. This newsletter is designed to keep residents updated on this effort to bring more affordable home to Amani. More information about the Amani Homeownership Initiative and previous newsletters can be found here: [www.housingplan.org/amanihomes](http://www.housingplan.org/amanihomes)

## WHAT IS THE AMANI HOMEOWNERSHIP INITIATIVE?

The Amani Homeownership initiative will build more than 90 new homes in Amani on vacant lots. Most of these homes will be sold directly to homeowners at discounted purchase prices. Forty homes will be rented out for 15 years at affordable rents and then sold to residents at affordable prices. The goal of the Amani Homeownership Initiative is to respond to residents who say that this neighborhood needs more high-quality affordable housing.

## COMMUNITY PARTNERS SPOTLIGHT: THE DOMINICAN CENTER FOR WOMEN & AMANI UNITED

**Did you know?** The Amani Homeownership Initiative is gaining momentum – but it has taken years to get this far. The Dominican Center and Amani United invited all the builders and partners to Amani to bring more high-quality housing and homeownership opportunities to this neighborhood. For the past two years, the Dominican Center has hosted the Amani Project Meetings every other week. Amani United and the Dominican Center bring resident and neighborhood perspectives to the planning and execution of the Amani Homeownership Initiative.

The **Dominican Center** convenes partners together with residents in support of its priority areas of safety; housing and economic development; and education and family well-being. (Join their **Amani Earth Day Cleanup** on April 18!) **Amani United** represents residents determined to move forward toward a healthy and sustainable community.
